

Status Survey and Conservation Action Plan

North American Rodents

Compiled and edited by
David J. Hafner, Eric Yensen and Gordon L. Kirkland, Jr.

IUCN/SSC Rodent Specialist Group

IUCN

Donors to the SSC Conservation Communications Programme and the North American Rodents Action Plan

The IUCN/Species Survival Commission is committed to communicate important species conservation information to natural resource managers, decision-makers and others whose actions affect the conservation of biodiversity. The SSC's Action Plans, Occasional Papers, news magazine (*Species*), Membership Directory and other publications are supported by a wide variety of generous donors including:

The Sultanate of Oman established the Peter Scott IUCN/SSC Action Plan Fund in 1990. The Fund supports Action Plan development and implementation; to date, more than 80 grants have been made from the Fund to Specialist Groups. As a result, the Action Plan Programme has progressed at an accelerated level and the network has grown and matured significantly. The SSC is grateful to the Sultanate of Oman for its confidence in and support for species conservation worldwide.

The Chicago Zoological Society (CZS) provides significant in-kind and cash support to the SSC, including grants for special projects, editorial and design services, staff secondments and related support services. The mission of CZS is to help people develop a sustainable and harmonious relationship with nature. The Zoo carries out its mission by informing and inspiring 2,000,000 annual visitors, serving as a refuge for species threatened with extinction, developing scientific approaches to manage species successfully in zoos and the wild, and working with other zoos, agencies, and protected areas around the world to conserve habitats and wildlife.

The Council of Agriculture (COA), Taiwan has awarded major grants to the SSC's Wildlife Trade Programme and Conservation Communications Programme. This support has enabled SSC to continue its valuable technical advisory service to the Parties to CITES as well as to the larger global conservation community. Among other responsibilities, the COA is in charge of matters concerning the designation and management of nature reserves, conservation of wildlife and their habitats, conservation of natural landscapes, coordination of law enforcement efforts as well as promotion of conservation education, research and international cooperation.

The World Wide Fund for Nature (WWF) provides significant annual operating support to the SSC. WWF's contribution supports the SSC's minimal infrastructure and helps ensure that the voluntary network and Publications Programme are adequately supported. WWF aims to conserve nature and ecological processes by: (1) preserving genetic, species, and ecosystem diversity; (2) ensuring that the use of renewable natural resources is sustainable both now and in the longer term; and (3) promoting actions to reduce pollution and the wasteful exploitation and consumption of resources and energy. WWF is one of the world's largest independent conservation organizations with a network of National Organizations and Associates around the world and over 5.2 million regular supporters. WWF continues to be known as World Wildlife Fund in Canada and in the United States of America.

The Department of the Environment Transport and the Regions, UK, (DETR) supports a Red List Officer post at the SSC Centre in Cambridge, UK, where the SSC Trade Programme staff are also located. Together with two other Government-funded agencies, Scottish Natural Heritage and the Royal Botanic Gardens, Kew, the DETR is also financing a specialist plants officer. Further support for the centre is being offered by two NGO members of IUCN: the World Wide Fund for Nature – UK, and Conservation International, US.

Status Survey and Conservation Action Plan

North American Rodents

Cover photo: The Florida mouse, *Peromyscus floridanus*, a species endemic to the Florida peninsula, is largely limited to fire-maintained, xeric, upland vegetation. Its Vulnerable status is the result of habitat loss over the last 50 years and the projected continuation of this through real estate and agricultural development. Photo by F. Sunquist.

Chapter 5: Summary Descriptions of Rodents of Conservation Concern	23
D.J. HAFNER, E. YENSEN, AND G.L. KIRKLAND, JR. (EDS.)	

APLODONTIDAE	30
<i>Aplodontia rufa</i> Mountain beaver	30
SCIURIDAE	33
<i>Ammospermophilus nelsoni</i>	
Nelson's antelope squirrel	33
<i>Cynomys ludovicianus</i> Black-tailed prairie dog ..	35
<i>Cynomys parvidens</i> Utah prairie dog	36
<i>Glaucomys sabrinus</i> Northern flying squirrel	37
<i>Marmota caligata</i> Hoary marmot	39
<i>Marmota vancouverensis</i>	
Vancouver Island marmot	40
<i>Sciurus niger</i> Fox squirrel	41
<i>Spermophilus brunneus</i> Idaho ground squirrel ..	43
<i>Spermophilus elegans</i>	
Wyoming ground squirrel	45
<i>Spermophilus lateralis</i>	
Golden-mantled ground squirrel	46
<i>Spermophilus mohavensis</i>	
Mohave ground squirrel	47
<i>Spermophilus parryii</i> Arctic ground squirrel	49
<i>Spermophilus tereticaudus</i>	
Round-tailed ground squirrel	50

<i>Spermophilus townsendii</i>	
Townsend's ground squirrel	51
<i>Spermophilus tridecemlineatus</i>	
Thirteen-lined ground squirrel	51
<i>Spermophilus washingtoni</i>	
Washington ground squirrel	52
<i>Tamias canipes</i> Gray-footed chipmunk	54
<i>Tamias minimus</i> Least chipmunk	54
<i>Tamias palmeri</i> Palmer's chipmunk	55
<i>Tamias quadrivittatus</i> Colorado chipmunk	56
<i>Tamias umbrinus</i> Uinta chipmunk	57
<i>Tamiasciurus hudsonicus</i> Red squirrel	58
CASTORIDAE	59
<i>Castor canadensis</i> Beaver	59
GEOMYIDAE	60
<i>Geomys arenarius</i> Desert pocket gopher	60
<i>Geomys personatus</i> Texas pocket gopher	61
<i>Geomys pinetis</i> Southeastern pocket gopher	61
<i>Geomys texensis</i> Llano pocket gopher	62
<i>Thomomys idahoensis</i> Idaho pocket gopher	63
<i>Thomomys mazama</i> Mazama pocket gopher	63
<i>Thomomys talpoides</i> Northern pocket gopher ...	66
<i>Thomomys umbrinus</i> Southern pocket gopher ...	67
HETEROMYIDAE	68
<i>Chaetodipus californicus</i>	
California pocket mouse	68
<i>Chaetodipus fallax</i> San Diego pocket mouse	69
<i>Dipodomys elator</i> Texas kangaroo rat	69
<i>Dipodomys heermanni</i>	
Heermann's kangaroo rat	70
<i>Dipodomys ingens</i> Giant kangaroo rat	72
<i>Dipodomys merriami</i> Merriam's kangaroo rat ..	74
<i>Dipodomys microps</i>	
Chisel-toothed kangaroo rat	74
<i>Dipodomys nitratooides</i>	
San Joaquin kangaroo rat	76
<i>Dipodomys stephensi</i> Stephens' kangaroo rat	78
<i>Microdipodops megacephalus</i>	
Dark kangaroo mouse	79
<i>Microdipodops pallidus</i> Pale kangaroo mouse ...	80
<i>Perognathus alticola</i>	
White-eared pocket mouse	81
<i>Perognathus flavus</i> Silky pocket mouse	82
<i>Perognathus inornatus</i>	
San Joaquin pocket mouse	82
<i>Perognathus longimembris</i> Little pocket mouse .	83
MURIDAE	86
<i>Arborimus albipes</i> White-footed vole	86
<i>Arborimus pomo</i> California red tree mouse	86
<i>Clethrionomys gapperi</i>	
Southern red-backed vole	87

<i>Dicrostonyx exsul</i>	
St. Lawrence Island collared lemming	87
<i>Dicrostonyx nunatakensis</i>	
Ogilvie Mountains collared lemming	88
<i>Dicrostonyx unalascensis</i>	
Unalaska collared lemming	89
<i>Microtus abbreviatus</i> Insular vole	89
<i>Microtus breweri</i> Beach vole	90
<i>Microtus californicus</i> California vole	90
<i>Microtus chrotorrhinus</i> Rock vole	92
<i>Microtus longicaudus</i> Long-tailed vole	93
<i>Microtus mogollonensis</i> Mogollon vole	95
<i>Microtus montanus</i> Montane vole	96
<i>Microtus oeconomus</i> Tundra vole	97
<i>Microtus pennsylvanicus</i> Meadow vole	99
<i>Microtus townsendii</i> Townsend's vole	101
<i>Neofiber alleni</i> Round-tailed muskrat	102
<i>Neotoma floridana</i> Eastern woodrat	102
<i>Neotoma fuscipes</i> Dusky-footed woodrat	103
<i>Neotoma lepida</i> Desert woodrat	104
<i>Neotoma magister</i> Allegheny woodrat	105
<i>Ondatra zibethicus</i> Muskrat	106
<i>Onychomys leucogaster</i>	
Northern grasshopper mouse	106
<i>Onychomys torridus</i>	
Southern grasshopper mouse	107
<i>Oryzomys palustris</i> Marsh rice rat	108
<i>Peromyscus gossypinus</i> Cotton mouse	108
<i>Peromyscus leucopus</i> White-footed mouse	109

<i>Peromyscus maniculatus</i> Deer mouse	110
<i>Peromyscus polionotus</i> Oldfield mouse	110
<i>Peromyscus truei</i> Pinyon mouse	113
<i>Podomys floridanus</i> Florida mouse	113
<i>Reithrodontomys raviventris</i>	
Saltmarsh harvest mouse	114
<i>Sigmodon arizonae</i> Arizona cotton rat	116
<i>Sigmodon fulviventer</i> Zacatecan cotton rat	117
<i>Sigmodon hispidus</i> Hispid cotton rat	118
<i>Synaptomys borealis</i> Northern bog lemming ..	119
<i>Synaptomys cooperi</i> Southern bog lemming ...	120
DIPODIDAE	120
<i>Zapus hudsonius</i> Meadow jumping mouse	120
<i>Zapus trinotatus</i> Pacific jumping mouse	123
